COURSE SUBSTITUTION OR EQUIVALENCY APPROVAL FORM

Department of Kinesiology

A course substitution or equivalency form is used when a student wishes to substitute a course within the major or seek course equivalency. The course substitution or equivalency must be approved by your advisor before enrolling in the course. If you have already completed a course and you wish to use that course to substitute for a major requirement, you may also use this form. If you wish to substitute or seek equivalency for a course from another institution, you must also attach a course syllabus.

Student Name: ___________________________________________  ID#: __________________________  Phone: __________________________
